1 (The meeting was called to order at 6:05 p.m.)

2 CHAIRMAN SALADINO: Folks, this is the  
3 Village of Greenport Zoning Board of Appeals  
4 regular meeting.

5 Item No. 1 is a motion to accept the  
6 minutes of the January 21st, 2020 Zoning Board of  
7 Appeals meeting. So moved.

8 MR. CORWIN: Second.

9 CHAIRMAN SALADINO: All in favor?

10 MEMBER CORWIN: Aye.

11 MEMBER GORDON: Aye.

12 MEMBER REARDON: Aye.

13 MEMBER TASKER: Aye.

14 CHAIRMAN SALADINO: And I'll vote aye.

15                   Item No. 2 is a motion to approve the  
16                   minutes of the December 17th, 2019 Zoning Board  
17                   of Appeals meeting. So moved.

18 MR. CORWIN: Second.

19 CHAIRMAN SALADINO: All in favor?

20 MEMBER TASKER: Aye.

21 MEMBER REARDON: Aye.

22 MEMBER GORDON: Aye.

23 CHAIRMAN SALADINO: I'll vote aye. Any  
24 abstentions?

25 MR. CORWIN: Abstain.

1 CHAIRMAN SALADINO: And one abstention.

2 Item No. 3 is a motion to schedule the next  
3 Zoning Board of Appeals meeting for March 17th,  
4 2020 at 6 p.m. at the Station One Firehouse,  
5 Third and South Streets, Greenport, New York,  
6 11944. So moved.

7 MR. CORWIN: Second.

8 CHAIRMAN SALADINO: All in favor?

9 MEMBER CORWIN: Aye.

10 MEMBER GORDON: Aye.

11 MEMBER REARDON: Aye.

12 MEMBER TASKER: Aye.

13 CHAIRMAN SALADINO: And I'll vote aye.

14 Saint Paddy's Day is the next meeting,  
15 Saint Patrick's Day?

16 Item No. 4 is 426 Second Street. It's a  
17 motion to accept the findings and determinations  
18 for Eric Fischer. The property is located in the  
19 R-2 (One and Two-Family) District. This property  
20 is located in the Historic District. The Suffolk  
21 County Tax Map is 1001-4.-2-34.1. So moved.

22 MEMBER GORDON: Second.

23 CHAIRMAN SALADINO: All in favor?

24 MEMBER REARDON: Aye.

25 MEMBER TASKER: Aye.

1 MEMBER GORDON: Aye.

2 CHAIRMAN SALADINO: I'll vote aye.

3 MR. CORWIN: Aye.

4 CHAIRMAN SALADINO: Did you abstain or  
5 vote no?

6 MEMBER GORDON: I didn't vote no.

7 CHAIRMAN SALADINO: No, no, David.

8 MR. CORWIN: Aye.

9 CHAIRMAN SALADINO: Aye.

10 Item No. 5 is 415 Kaplan Avenue. It's a  
11 motion to accept the application, schedule a  
12 public hearing, and arrange a site visit for the  
13 application at 415 Kaplan Avenue Greenport  
14 Incorporated. James Olinkiewicz is the contract  
15 vendee for the property located at 415 Kaplan  
16 Avenue, Greenport, New York, 11944. The property  
17 is located in the R-2 (One and Two-Family)  
18 District, and is not located in the Historic  
19 District. The Suffolk County Tax Map Number is  
20 100 -- 1001-4.-1-6.

21 MEMBER REARDON: I'll second.

22 CHAIRMAN SALADINO: We're going to hear  
23 from the applicant?

24 MR. OLINKIEWICZ: James Olinkiewicz,  
25 415 Kaplan Avenue Greenport Inc. I'm here in

1 front of the Board for a use variance for the  
2 ability to build a two-family house on this  
3 existing lot that's a little over 11,000 square  
4 feet in size.

5 The house, as we all know, the property is  
6 7 feet too narrow based on the Village Code that  
7 says it's supposed to be 60 feet wide to be able  
8 to build a two-family and it's only 53 feet. So  
9 we went through that it's not an area variance,  
10 but it's a use variance.

11 So I've amended the application for it to  
12 be a use variance. In the back of the  
13 application, one of the subjects of the reason  
14 for granting a use variance is that hardships, as  
15 well as granting a reasonable rate of return on  
16 investment. So that was one of the -- one of the  
17 questions.

18 So on the back couple of pages of your  
19 application, I did preliminary numbers based off  
20 of construction costs, as well as purchasing the  
21 land. The first one I did, if we could just go  
22 through that, is Bob and JoAnn Kiel, who bought  
23 the piece of property -- John, it's on the next  
24 page if you want, okay? Okay. I didn't know if  
25 you were checking it out. Bob and JoAnn paid

1       125,000 for the lot. The going rate to build a  
2       house right now is \$250,000, is what we as  
3       builders bid on new construction for pretty much  
4       basic homes, and they go up from there. So the  
5       cost would be \$500,000 to build a house for them.  
6       They'd be in a total cost of 625,000.

7           The appraised value of the described house  
8       would be around 675 for that location. I can  
9       bring appraisal backup, because I have other  
10      houses in the area, which would show that we just  
11      had two refinanced and what their appraisals came  
12      in at.

13           So after paying the real estate commission,  
14      the Kiels, if they sold it for the full 675,000,  
15      would get a 1% rate of return, which is not  
16      really a good return on your whole investment,  
17      so -- and this is not an area where people would  
18      go, mostly that I would understand, and build a  
19      house, because this is mostly workforce housing  
20      in the area. So a one-family home, I'm not sure  
21      that people would put that kind of money into  
22      that area.

23           The second example is that 415 Kaplan pays  
24      the asking price of \$260,000. It costs us, and I  
25      built a one-family house there, which for the

1 same 500,000, would be a total cost of 760,000,  
2 which, if I rented it, that apartment would rent  
3 at \$2600 a month for \$31,200. After you take out  
4 taxes, insurance, management fees, the net income  
5 is 20,700, which would give you a rate of return  
6 of about 2.6%, not including vacancies, repairs,  
7 maintenance, lawn care, utilities, snowplowing,  
8 everything that goes with being a landlord. So  
9 that's pretty much a zero, so that would not be a  
10 viable investment or use of the property.

11 Example three, 415 Kaplan Avenue pays the  
12 260,000, we build a 2300 square foot two-family  
13 house. At \$250 a square foot, it's 575,000. The  
14 total cost is 835,000, which would be slightly  
15 over the appraised value of the neighborhood.  
16 But if you rented each apartment at \$2,500 a  
17 month, it would be a \$60,000 a year. Minus the  
18 taxes, the insurance, the management fee, you'd  
19 have a net income of 47,500 on an \$835,000  
20 investment, which is a 5.7% rate of return,  
21 taking in -- still doesn't take in consideration  
22 vacancies, repairs, maintenance, lawn care or  
23 utilities.

24 So for -- to get a reasonable rate of  
25 return, I mean, on any investment property that

1 deals with building housing, to make it  
2 worthwhile for the investor, it has to be over  
3 5%, because just with all the other costs and  
4 everything else like that, it doesn't pay to even  
5 do that. So that's why in front of you there is  
6 a plan for two four-bedroom apartments.

7 And the reason why there's two four-bedroom  
8 apartments in the application that you guys have  
9 is that we have a number of people on a waiting  
10 list. As everybody understands and knows, most  
11 of the people know here, I have many apartments  
12 in the Village, and the one thing that we have  
13 and being cried out for is a couple of four  
14 bedrooms, because there are no four bedrooms, and  
15 larger families need a four bedroom. So we have  
16 a mother with three children that need one, and  
17 we have a husband and wife and four kids that are  
18 looking for one right now. So we were pretty  
19 much building to what was needed.

20 With the values of what real estate is in  
21 Greenport now, anybody purchasing a one-family  
22 house is not going to rent to one family a  
23 four-bedroom apartment under 3 or \$4,000 a month,  
24 because it just doesn't make sense, so you have  
25 to build two family apartments to make it make

1 sense.

2 Can we get away with building three -- two  
3 three-bedroom apartments? Probably. You know,  
4 the rate of return might drop a half or point or  
5 something like that. I'm just -- I was just  
6 building for people that needed the housing.  
7 That's why we went to four-bedroom apartments.

8 The lot is 11,500 square feet. There's  
9 ample parking in the back for every -- everything  
10 that's needed, so I felt that that would be a  
11 reason.

12 So that is my application and that is why  
13 I'm requesting a use variance.

14 CHAIRMAN SALADINO: Okay, Jimmy. Just I  
15 can't speak for the rest of the members. I have  
16 a couple of questions about what you just said.

17 Just -- we're just going to accept the  
18 application tonight. We'll get into it at the  
19 public hearing.

20 MR. OLINKIEWICZ: Sure, no problem.

21 CHAIRMAN SALADINO: But just about the  
22 application, but just one small question before.  
23 You had said that you had a recent appraisal.  
24 When you come next month, could you bring the  
25 comps of the sales in the neighborhood?

1                   MR. OLINKIEWICZ: Sure, sure.

2                   CHAIRMAN SALADINO: This way we --

3                   MR. OLINKIEWICZ: The comps and sales in  
4                   the neighborhood, or the appraisal that I have  
5                   for a couple of properties?

6                   CHAIRMAN SALADINO: Well, whatever a real  
7                   estate agent would do. I mean, a real estate  
8                   agent would value your house on similar comps  
9                   within a certain square block area, yeah.

10                  MR. OLINKIEWICZ: So, and on a quick  
11                  question on that. So the appraisals are normally  
12                  like 42 pages long each. So to print for nine  
13                  people, you're going to print 360 pages, whereas  
14                  like the first two pages that have the value that  
15                  the guy says, not how it got --

16                  CHAIRMAN SALADINO: It would be -- we would  
17                  be -- we would be fine -- and, again, I'm not  
18                  speaking for my colleagues, maybe they'll ask you  
19                  the same question. I just know if you go to  
20                  Zillow, or something like that, they'll have  
21                  comps in the neighborhood.

22                  MR. OLINKIEWICZ: Sure. Oh, yeah.

23                  CHAIRMAN SALADINO: You know, so we could  
24                  actually see that. If you want to provide the  
25                  first two pages of your 46-page appraisal, we

1       don't think that you made the other stuff up on  
2       the other 42-page agreement. We'd be content  
3       with the first two pages.

4            MR. OLINKIEWICZ: Okay, no problem.

5            CHAIRMAN SALADINO: And as far as the  
6       application, I kind of remember asking you, it  
7       seems like a while ago, but I remember asking you  
8       something about there's wetlands on the property.

9            MR. OLINKIEWICZ: Yeah, that was --

10            CHAIRMAN SALADINO: Did we --

11            MR. OLINKIEWICZ: That was corrected, that  
12       was corrected on the application, unless we made  
13       a mistake and she grabbed the wrong application  
14       out of the computer --

15            CHAIRMAN SALADINO: No.

16            MR. OLINKIEWICZ: -- because we have seven  
17       of them for this property.

18            CHAIRMAN SALADINO: No.

19            MR. OLINKIEWICZ: Okay. So I just --

20            CHAIRMAN SALADINO: Was there -- was -- I  
21       just don't remember if there was an issue with  
22       the wetlands. Isn't there supposed to be another  
23       building in the back by the wetlands?

24            MR. OLINKIEWICZ: What was -- I put on the  
25       plan was that eventually I could put a two-car

1 garage back there if I wanted to.

2 CHAIRMAN SALADINO: And then you would come  
3 back.

4 MR. OLINKIEWICZ: And I would come back.

5 CHAIRMAN SALADINO: Okay.

6 MR. OLINKIEWICZ: Okay? But just so that I  
7 didn't want everybody to say he never told  
8 anybody that there could possibility be a two-car  
9 garage all the way in the back.

10 CHAIRMAN SALADINO: Okay.

11 MR. OLINKIEWICZ: All right? And I don't  
12 know if that has to go to the Zoning Board,  
13 because if it meets all setbacks, whether that  
14 would be a kickback to guys or Planning or not.

15 CHAIRMAN SALADINO: Well, it would be -- it  
16 would be -- it would be up to the Building  
17 Department to make the determination how far the  
18 building was from the wetlands.

19 MR. OLINKIEWICZ: Right.

20 CHAIRMAN SALADINO: We know tidal wetlands,  
21 we go by the zone. You know, freshwater  
22 wetlands, I'm not -- I'm not sure what the -- but  
23 before we get in over our head and start  
24 talking --

25 MR. OLINKIEWICZ: Right.

1                   CHAIRMAN SALADINO: -- about stuff here  
2 that doesn't matter tonight, we'll leave it up to  
3 the Building Department, and you just -- if you  
4 ever decide to build that garage.

5                   MR. OLINKIEWICZ: Right.

6                   MEMBER GORDON: I have a question. I'm  
7 showing my recent arrival in Greenport by asking  
8 this question, but what was there? The house  
9 that burned down, was it a one-family or a  
10 two-family?

11                  CHAIRMAN SALADINO: It was a one-family.

12                  MR. OLINKIEWICZ: So there's mixed feelings  
13 on that. I was told that it was two-family,  
14 mostly because the Richards had an apartment  
15 downstairs, down -- they were downstairs and they  
16 were renting the upstairs as a second apartment.  
17 So I don't know what --

18                  MEMBER GORDON: Were there two kitchens?

19                  CHAIRMAN SALADINO: No.

20                  MR. OLINKIEWICZ: The place burned down, I  
21 have no idea. So I was not ever through that, or  
22 anything else like that. So I was under the  
23 impression that it was a two-family.

24                  MEMBER GORDON: So there's no records in  
25 the housing --

1                   MR. OLINKIEWICZ: There's nothing.

2                   MR. CORWIN: I could give you kind of an  
3                   idea.

4                   MR. OLINKIEWICZ: That would be fantastic.  
5                   I'll take whatever you got.

6                   MR. CORWIN: There was Peg and -- Peg,  
7                   Margaret Richards, and her significant other, and  
8                   one tenant, who I think was renting a room. So I  
9                   think it was serving as a one-family house with a  
10                  rented room.

11                  MR. OLINKIEWICZ: With a rented room.

12                  CHAIRMAN SALADINO: That was my  
13                  recollection, also. They had a -- they had a --  
14                  I don't want to say boarder, it sounds archaic.  
15                  They had a guy that rented a --

16                  MR. CORWIN: Yeah, they had a boarder.

17                  CHAIRMAN SALADINO: A boarder, they rented  
18                  a room, so, but --

19                  MR. OLINKIEWICZ: Well, I guess neither  
20                  here nor there. You know, the use variance is  
21                  because to make it worthwhile on the rate of  
22                  return for --

23                  CHAIRMAN SALADINO: Well, to defend the  
24                  Code Enforcement Officer, you know, the house did  
25                  burn down, it lost over 50% of its value. The

1       lot was fallow for more than a couple of years,  
2       so we have to start --

3            MR. OLINKIEWICZ: Correct.

4            CHAIRMAN SALADINO: Regardless what was  
5       there before.

6            MR. OLINKIEWICZ: Correct.

7            CHAIRMAN SALADINO: We have to start --

8            MR. OLINKIEWICZ: Right.

9            CHAIRMAN SALADINO: -- from square one.

10          MR. OLINKIEWICZ: So --

11          CHAIRMAN SALADINO: So, regardless if it  
12       was a two-family house, a one-family house, a  
13       nine-family house, it -- right now it's a vacant  
14       lot.

15          MR. OLINKIEWICZ: Correct.

16          CHAIRMAN SALADINO: -- and it's been -- you  
17       know, it's been a vacant lot, so we have to  
18       comply with 150-13(C) or (E).

19          Anyone else for Jimmy? Anybody got a  
20       question?

21          MEMBER REARDON: Jimmy, in regards to your  
22       examples in the back, the two that you have used  
23       for Example 2 and Example 3 --

24          MR. OLINKIEWICZ: Correct.

25          MEMBER REARDON: -- is 415 Kaplan Avenue

1           Greenport Incorporated?

2           MR. OLINKIEWICZ: Correct. It's an  
3           S corporation.

4           MEMBER REARDON: They have purchased the  
5           property --

6           MR. OLINKIEWICZ: No.

7           MEMBER REARDON: -- for 200?

8           MR. OLINKIEWICZ: No. We are a contract  
9           vendee at 260,000.

10          MEMBER REARDON: Uh-huh.

11          MR. OLINKIEWICZ: So if the -- if we're  
12          approved for the two-family house, it will be  
13          purchasing the property for \$260,000.

14          MEMBER REARDON: Okay.

15          MR. OLINKIEWICZ: I can supply a copy of  
16          the contract, if you guys want a copy of the  
17          contract as well.

18          MEMBER TASKER: Yeah, if you will.

19          MR. OLINKIEWICZ: No problem, that's fine.

20          MEMBER REARDON: And can I also ask, this  
21          is not regarding this application specifically,  
22          but you did mention that you're building to a  
23          need, a specific need of, you know, larger  
24          families.

25          MR. OLINKIEWICZ: Correct.

1                   MEMBER REARDON: So how -- can you tell us  
2                   how long this need or these families have been in  
3                   the queue?

4                   MR. OLINKIEWICZ: One has been in one of my  
5                   three bedrooms for three years looking for a  
6                   four-bedroom apartment, so -- and they asked and  
7                   asked and asked, and have looked around and have  
8                   not been able to get a four-bedroom apartment.  
9                   The other one has only been in the queue for  
10                   about three months.

11                   MEMBER REARDON: And these are parents with  
12                   children?

13                   MR. OLINKIEWICZ: Parents with children.

14                   MEMBER REARDON: And you understand I'm  
15                   asking --

16                   MR. OLINKIEWICZ: One is a -- one is -- one  
17                   is a -- the mother with the three kids and the  
18                   grandmother, that's one family.

19                   MEMBER REARDON: Uh-huh.

20                   MR. OLINKIEWICZ: The other family is a  
21                   husband and wife with four children.

22                   MEMBER REARDON: Okay.

23                   MR. OLINKIEWICZ: So --

24                   CHAIRMAN SALADINO: Does anybody know a  
25                   four-bedroom apartment in Greenport?

1                   MR. CORWIN: I don't.

2                   CHAIRMAN SALADINO: I don't either.

3                   MR. OLINKIEWICZ: Right, because that's the  
4                   problem they have. So they're all crammed into  
5                   smaller apartments, and they're looking for  
6                   four-bedroom apartments. So, and --

7                   CHAIRMAN SALADINO: There's not many  
8                   communities that have four-bedroom apartments,  
9                   and especially for \$2,500 a month. But we're  
10                   going to leave that for the public hearing, maybe  
11                   the public will have something to say about it.

12                   Arthur, you got anything for --

13                   MEMBER TASKER: No. I think we're going to  
14                   have to re-hear this at the public hearing, in  
15                   large part, but this gives us a start.

16                   MR. OLINKIEWICZ: Yeah. I just wanted to  
17                   give a quick breakdown and see what you wanted me  
18                   to bring as paperwork.

19                   CHAIRMAN SALADINO: And, David, anything  
20                   before I make a motion here?

21                   MEMBER CORWIN: I would say the only thing  
22                   you should include is some time frame in terms of  
23                   how this progresses. In other words, is this a  
24                   one-year investment, is this a 10-year  
25                   investment?

1                   MR. OLINKIEWICZ: No, this is based off of  
2 rate of return for 30 years. So, I mean, the  
3 rents will go up, so the rate of return will  
4 change slightly as rents increase. But, you  
5 know, taxes go up, insurance goes up. Rent  
6 increases mostly based off of tax increase,  
7 insurance increase, now that the school bond is  
8 passed, right, you know.

9                   MR. CORWIN: Right, right. You didn't say  
10 that.

11                  MR. OLINKIEWICZ: Right. I didn't add in  
12 any -- right, I didn't, because it's going to  
13 maintain between probably 5 1/2 to 6 1/2 over the  
14 life of the -- of the house, so it's not going  
15 dramatically rise until --

16                  MEMBER TASKER: So the example you've given  
17 is probably for the initial year or so and it's  
18 going to change --

19                  MR. OLINKIEWICZ: Probably for the initial  
20 five years, and then it will --

21                  MEMBER TASKER: And it's going to change  
22 and --

23                  MR. OLINKIEWICZ: Then it will go up a  
24 little, tiny bit as rents increase, yes.

25                  MEMBER TASKER: Okay.

1                   CHAIRMAN SALADINO: Okay. I'm going to  
2 make a -- everybody done?

3                   MEMBER REARDON: Yep.

4                   CHAIRMAN SALADINO: I'm going to make a  
5 motion that we accept the application of  
6 415 Kaplan Avenue Incorporated. So moved.

7                   MR. CORWIN: Second.

8                   CHAIRMAN SALADINO: All in favor?

9                   MEMBER TASKER: Before we vote, can we make  
10 sure that that's going to include based on  
11 Mr. Olinkiewicz providing the additional  
12 information that he's discussed to make it to  
13 complete the application?

14                   CHAIRMAN SALADINO: I don't think the stuff  
15 that he's going to give -- I mean, that's just a  
16 question that I raised. I mean, we could say  
17 that, Arthur, but, I mean, that will -- that will  
18 be raised when it comes to the next time. If he  
19 doesn't have it and we feel it's necessary, we'll  
20 just put it off until the next time.

21                   MEMBER TASKER: All right.

22                   CHAIRMAN SALADINO: He's here. He's been  
23 through this before, he knows the deal.

24                   So did I make that motion?

25                   MEMBER REARDON: You did.

1 CHAIRMAN SALADINO: Was it second?

2 MEMBER REARDON: Not yet.

3 MR. CORWIN: I seconded it.

4 MEMBER GORDON: Yes, yeah.

5 CHAIRMAN SALADINO: All right. So all in  
6 favor?

7 MEMBER CORWIN: Aye.

8 MEMBER GORDON: Aye.

9 MEMBER REARDON: Aye.

10 MEMBER TASKER: Aye.

11 CHAIRMAN SALADINO: And I'll vote aye.

12 We're going to schedule a public hearing,  
13 Jimmy, for March 17th. We set them all at  
14 6 o'clock, this way nobody is -- and a site  
15 visit. We're going to do a site visit?

16 MEMBER REARDON: Yes.

17 MEMBER TASKER: Yes.

18 MEMBER REARDON: Please.

19 CHAIRMAN SALADINO: We're going to do a  
20 site visit. Again, you know the deal, you'll  
21 stake the property out.

22 MR. OLINKIEWICZ: I'll do the four corners  
23 house and on the property, yep.

24 CHAIRMAN SALADINO: And just show us where  
25 the driveway is going to be.

1                   MR. OLINKIEWICZ: Correct.

2                   CHAIRMAN SALADINO: And what time are we  
3 thinking, folks? Hello.

4                   MEMBER GORDON: For 5:30, because --

5                   CHAIRMAN SALADINO: Is it -- is it light  
6 out at 5:30?

7                   MEMBER GORDON: By then, sure, it will be  
8 fine.

9                   CHAIRMAN SALADINO: Okay. 5:30, is that  
10 good? You know what, let's make it -- let's make  
11 it a few minutes earlier, because sometimes some  
12 of the people want to get a coffee before the  
13 meeting, you know?

14                   MR. OLINKIEWICZ: 5:15?

15                   CHAIRMAN SALADINO: So let's make it at  
16 5:15. We'll be at your property at 5:15.

17                   MR. OLINKIEWICZ: No problem.

18                   CHAIRMAN SALADINO: And --

19                   MR. OLINKIEWICZ: And that's March 17th,  
20 5:15?

21                   CHAIRMAN SALADINO: Saint Paddy's Day,  
22 right? March 17th. See you then.

23                   MR. OLINKIEWICZ: Thank you

24                   CHAIRMAN SALADINO: Thank you.

25                   And Item No. 6 is any other Zoning Board of

1       Appeals business that might properly come before  
2       this Board. This is a chance for anybody who's  
3       got a question to ask it. If not --

4            MR. WEISS: Then me. Steve Weiss,  
5            117 Sterling Street, Greenport.

6            I was curious, John, what the procedure is  
7       to get a project in front of this Board. Does it  
8       come from the Planning Board, or can a project  
9       come directly to you? Is there a pre-submission  
10      kind of thing?

11            CHAIRMAN SALADINO: For this Board to  
12       address anything, there has to be, in most cases,  
13       a Notice of Disapproval, there has to be an  
14       appeal. How the Planning Board -- it will go  
15       before the Planning Board. The usual procedure  
16       is it will go before the Planning Board and  
17       they'll rule on the site plan, they'll rule on  
18       everything that the Planning Board does, unless  
19       there's zoning attached, unless there's a  
20       variance attached or needed. Then they'll defer  
21       to the Zoning Board, we'll address the variance,  
22       and then send it back to the -- to the Planning  
23       Board.

24            MEMBER GORDON: But the trigger for this is  
25       the refusal to grant the building permit in the

1                   Notice of Disapproval for the building permit.

2                   MR. WEISS: If there is a building permit  
3                   and people want to change the project, then how  
4                   would that work?

5                   CHAIRMAN SALADINO: We're not -- if you're  
6                   talking about 123 Sterling and how that project  
7                   would get in front of the Zoning Board, we're  
8                   going to leave it to the Attorney to explain to  
9                   us how that -- how that comes in front of us.

10                  I'm sure there's logic behind it, there's  
11                  reasoning behind it. The court stipulation, we  
12                  all know, says that certain groups have to sign  
13                  off on any modification. How it gets in front of  
14                  this Board we're going to leave up to  
15                  Mr. Connolly.

16                  MR. CONNOLLY: We're still trying to figure  
17                  that out.

18                  CHAIRMAN SALADINO: We're going to --

19                  MR. WEISS: So you don't know now how it  
20                  will get in front of the Board?

21                  MR. CONNOLLY: Right. We're trying to --  
22                  we're trying to figure that process out. Without  
23                  an application, it's difficult to guess.

24                  MR. WEISS: In a normal procedure,  
25                  something that wasn't 123, the Planning Board

1       would hear it if they felt there was something  
2       the Zoning Board --

3            MR. CONNOLLY: If there is -- if there is  
4       Planning -- if it needed a site plan application,  
5       what happens is it goes to the Planning Board for  
6       pre-submission conference. Then if it's -- if  
7       Zoning -- if variances are needed, the Planning  
8       Board, before acting on the site plan, has to  
9       refer to the Zoning Board. It comes to the  
10      Zoning Board for a public hearing, the variances  
11      are either granted or denied, and then it goes  
12      back to the Planning Board.

13            MR. WEISS: Okay. All right. So it will  
14      have to come through the Planning Board. The  
15      Planning Board will have to recommend something  
16      to the Zoning Board.

17            MR. CONNOLLY: Correct.

18            MR. WEISS: Okay.

19            MR. CONNOLLY: It would have to be referred  
20      to the Zoning Board from the Planning Board.

21            MEMBER TASKER: Doesn't it have to loop  
22      through the Building Department to get a -- to  
23      get a help?

24            MR. CONNOLLY: Well, it gets a Letter of  
25      Disapproval. That's usually all done in the

1 beginning.

2 CHAIRMAN SALADINO: Under normal  
3 circumstances, under a normal application, the  
4 way something gets in front of this Board, if  
5 someone's told no, there has to be -- there has  
6 to be -- in most cases, someone has to be denied  
7 and they have to appeal it to this Board. With  
8 the application that you're talking about, we're  
9 going leave it up to Mr. Connolly and Mr. Pallas  
10 to square it away, and if and when it comes in  
11 front of us, we'll --

12 MR. WEISS: Can someone come in front of  
13 you for a pre-submission because they think there  
14 might be a problem, or they would request a --  
15 not a ruling from you, but an expression of what  
16 you think?

17 MEMBER GORDON: An interpretation?

18 MR. WEISS: An interpretation.

19 CHAIRMAN SALADINO: Well, first of all, an  
20 interpretation costs \$600, you know, to ask for  
21 an interpretation.

22 MR. WEISS: We're talking a \$20 million  
23 project.

24 CHAIRMAN SALADINO: I didn't know we were  
25 talking about that project, I thought we were

1 talking in general. But, normally, again, there  
2 has to be -- there has to be a Notice of  
3 Disapproval. And the idea behind an  
4 interpretation is, is that the applicant, the  
5 person that's making the appeal, the request, is  
6 disputing the CE -- Code Enforcement Officer's or  
7 the Building Inspector's interpretation or  
8 application of that portion of the code. Then it  
9 would come to the Zoning Board and we would offer  
10 our opinion, and we would make an interpretation  
11 of that particular chapter of the code. The  
12 bottom line is there would have to be a Notice of  
13 Disapproval for us to do that.

14 So someone would have to apply. The Code  
15 Enforcement Officer would apply a section of the  
16 code, the applicant would disagree with it, not  
17 so much that he's asking for relief, but he just  
18 disagrees with the Code Enforcement Officer's  
19 application of that particular portion of the  
20 code, and he would come to this Board for an  
21 interpretation, what exactly does that portion of  
22 the code say. We would offer our opinion, we  
23 would make that interpretation and then --

24 MR. WEISS: Thank you very much.

25 CHAIRMAN SALADINO: My pleasure. Anyone

1 else? No?

2 (No Response)

3 CHAIRMAN SALADINO: Okay. Item No. 7 is a  
4 motion to adjourn. So moved.

5 MEMBER TASKER: Second.

6 CHAIRMAN SALADINO: All in favor?

7 MEMBER CORWIN: Aye.

8 MEMBER GORDON: Aye.

9 MEMBER REARDON: Aye.

10 MEMBER TASKER: Aye.

11 CHAIRMAN SALADINO: I'll vote aye. Thank  
12 you, folks.
